

SAM MEETING NOTICE

Thursday, September 2

PROGRAM:

TODD HARVEY -

Independent Safety Services

SAFETY, COMPLIANCE - AND SAVE ON COMP!

Independent Safety Services is a company dedicated to helping business owners create a safe, accident free work environment, and Todd Harvey is at the top of his field.

With expertise in loss prevention, environmental hazard assessment, HazMat training, OSHA inspections, Safety Manual reviews, the creation of new Safety Programs, Workers Compensation inspections, and Workers Compensation Modifier improvement plans, Todd will share with SAM's members some important steps for improving safety, protecting your business and employees, and (of course) saving money in the process.

RSVP Right Now for this important meeting!

Business Practices - Contractor Information

With the construction business suffering so badly in other parts of the country, many General Contractors are arriving from out of state, to try to dip their toes in the Texas pool. Bring your inquiries about Contractors you're thinking about dealing with, to hear the experiences of other SAM members in dealing with them. Also, don't miss the latest roll up of lien filings and bankruptcies, to learn who is struggling to pay their bills.

Make your voice heard, ask questions and get involved.
